UKZN – INSPIRING GREATNESS

Vision

- We seek to be the **best African University**, offering skills in Agricultural, Earth and Environmental Sciences, as well as Human Geography, through relevant teaching, research and community engagement that responds to the contemporary **social and ecological dynamics** in **South Africa, Africa and the world**

Key Words from Vision

- **Best African University- surrounded by deep rural challenges**
- **Social and ecological - poor schools in Q1, 2 and 3 surrounded by unique ecology**
- **Dynamics - respond to a changing world**
- **South Africa, Africa and the world**

Mission: The School has a three-tier overall mission of teaching, research and community engagement.

In this regard, the School strives:

- ...for its students to gain new knowledge in a manner that broadens common sense and their **ability to apply critical thinking,**
- ... to impart research and provide a teaching environment that allows skills for **application in employment and research,** so that our graduates can contribute to **innovation,**

Cont.

- ... to reach out to **communities and industry as partners to enhance our teaching, research and learning skills** for mutual benefit and,
- ... to produce graduates that have skills to give them a **competitive edge in the workplace** and have a greater commitment to making a significant contribution to society.

THANK YOU
