

data@breakfast webinar series

You are invited to the next data breakfast by

Dr Richard Lessells
University of KwaZulu-Natal

Friday, 11 December 2020 Time: 07h30 - 08h30

“Understanding the resurgence of COVID-19”

Dr Lessells will present an update on the status of COVID-19 in South Africa.

Bio: Dr Lessells is an Infectious Diseases Specialist at KRISP, UKZN. He trained as an infectious diseases and internal medicine physician in the UK and has a PhD from the London School of Hygiene & Tropical Medicine. He has been conducting clinical and population-based research in HIV & TB in KwaZulu-Natal since 2007. He is currently deployed to the UKZN COVID-19 war room and is supporting the local response to the epidemic.
