**MARCUS KOURIE** – *Mobile Software Development Manager (Discovery – Digital Channels)*

"Experienced software development manager with a proven track record in building highly scalable and available applications for multiple blue-chip companies across financial and healthcare services.

Marcus has advised and led internal teams within many companies including Discovery Limited (SA), Lloyd's banking group (UK), Publicis Sapient (UK), Tilney Bestinvest Asset Management (UK), Zava (UK) and Google (UK), on their various applications from greenfield beginnings to fully operational applications serving millions of people.

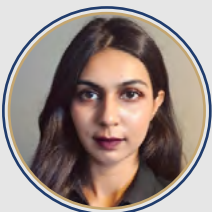

His roots are grounded firmly in the whole software-development lifecycle as a hands-on software engineer and technical leader."

### Life at Discovery through the eyes of a UKZN alumni

## CAREER JOURNEY AND EXPERIENCE SINCE GRADUATING FROM UKZN
