The Dean and Head of School

Professor Ade Olaniran

Invites stakeholders to a webinar series

Sharing the Best Practices for Effective Supervision of Postgraduates Students

The School of Life Sciences is organizing a series of virtual round table discussions on postgraduate supervision. This initiative aims to strengthen the postgraduate supervision skills of academics by sharing the best practices. Each session will consist of short presentations, followed by a series of questions posed to the panel. These webinars are open to all academic staff members, who are encouraged to attend.

DATE	TOPIC
Tuesday, 13 July 2021	Procedure and Processes for effective postgraduate supervision
Tuesday, 3 August 2021	Setting reasonable expectations in postgraduate supervision
Tuesday, 7 September 2021	“Parenting” your postgraduate students
Thursday, 14 October 2021	Effective Postgraduate Project Management
Tuesday, 2 November 2021	Postgraduate supervision and resources allocation or management
