

21 October 2022

Dear Student,

The culmination of your hard work during your schooling career is about to draw to a close in a few short weeks when you climb that mountain of matric examinations. Understandably, you are nervous and equally excited to reach this milestone.

We want to encourage you to enjoy every moment of this epic event. You have done your best, and you will reap the rewards. No journey is without potholes, but we are confident that you will navigate through this successfully.

On behalf of the College of Agriculture, Engineering and Science family at UKZN, we wish you the best of luck with the examinations. We look forward to welcoming you to our campuses in 2023.

We hope that you will be "INSPIRING GREATNESS".

Best wishes,

Professor Naven Chetty
College Dean of Teaching and Learning
